EALA is pleased to invite you to attend its 6th aircraft finance legal seminar, to be held at Hotel Skt. Petri, Copenhagen.

EALA’S MISSION
Since 2006, EALA has arranged aircraft finance seminars in Copenhagen focusing on important legal issues for the aviation finance industry. Over those years EALA has gained international recognition and respect as a leading forum for the discussion of topical developments regarding aviation law, especially from a European perspective. The mission of EALA is to:

• serve as the leading and essential association addressing the development of air law in Europe;
• ensure dissemination of information about, and the study of, air law in Europe;
• be a forum for the exchange of views and provide an opportunity for those interested in European air law to meet each other; and
• engage in or promote any other activity which the Committee decides is in furtherance of EALA’s principal objectives

This year, Vedder Price’s Gavin Hill will be moderating the morning session and discuss ‘what is hot’ in air finance and leasing.

The first session is followed by a panel moderated by Morten L. Jakobsen from Gorrissen Federspiel and the topic is investments in aviation, a not purely legal panel, but touches upon the thinking behind the various investment decisions being taken ‘out there’, including such related to type of equipment and yield considerations. The panel will include a brief introduction to crowdfunding, being an emerging alternative source of funding.

With the recent ratification by the United Kingdom, Spain, Denmark and Sweden of the Cape Town Convention and its aircraft protocol, the convention has become an even hotter and more relevant topic in Europe and we’re lucky to have both Jeffrey Wool, the secretary general of the Aviation Working Group and William Piels from Holland & Knight, a highly regarded Cape Town Convention specialist on board for this year’s seminar.

Jeffrey Wool starts out by giving an introduction to the Cape Town Convention framework and William Piels picks up the lead in his panel which will discuss the convention’s applicability, key documents, managing the registration process, etc.

Yet again, JLT Aerospace has agreed to give an update on the aviation insurance market, this time represented by Andrew Barham.

The final topic of the day will be a short case study relative to the Cape Town Convention.

EALA invites all aviation lawyers, lessors, financiers, insurance providers, airlines and other industry representatives to attend.

You are cordially invited to attend the conference drinks reception and dinner on Thursday evening, 2nd June 2016.

Please book at your earliest convenience for this interesting event under the auspices of EALA.
